YOUR COMPLETE ENGINEERING SOLUTIONS PROVIDER

DESIGN

PROJECT MANAGEMENT

MANUFACTURING

INSTALLATION

Lucan Engineering

“Whether its component procurement, equipment service or implementation of full mechanical and electrical turnkey projects, Lucan has it covered!”

COMPANY PROFILE

Lucan Engineering Pty Ltd was founded in 1999 specialising in servicing the local manufacturing industry as a producer of precision engineered components, for production machinery end users and project engineering companies.

In later years Lucan expanded its operation and services to include, full scope of supply, encompassing conceptual design and manufacture, through to complete project build and installation at the customer's site.

Lucan Engineering is a privately owned company employing 25 staff in its 2,000m² production facility located at Lidcombe in New South Wales.

“Lucan Engineering is your complete Engineering Solutions provider.”

Lucan provides engineering services to the following market segments;

- Paper Converting
- Printing
- Food and Beverage

- Jigs
- Fixtures
- Robot Grippers
- Extrusion Dies

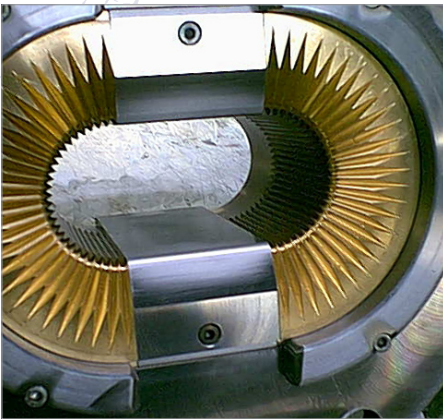

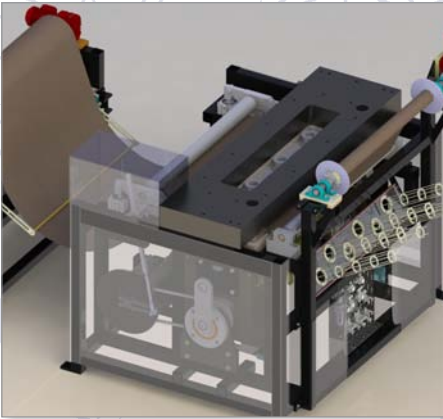

IN HOUSE AND SITE TECHNICAL SERVICES

SCHEDULED MAINTENANCE AND REPAIRS

- Production Machinery
- Mechanical Pumps
- Hydraulic Actuators

MACHINERY RELOCATION

INSTALLATION AND COMMISSIONING SERVICES

“Lucan Engineering is a problem solving business, we pride ourselves on finding the right solution for all our customers engineering and production needs.

Lucan Engineering is a company that has a streamlined management structure. The company is made up of skilled engineers and tradesmen who are capable of making decisions and take ownership of the task at hand. This means problems can be solved quickly, production continues moving forward, and the customer can see results, not red tape.

Lucan Engineering offer solutions to a wide range of engineering challenges. We have a highly qualified engineering team with experience in many fields. Over the past 12 years Lucan Engineering has developed close relationships with many other specialised engineering companies, this has added to our solid engineering base.”

Luke Windsor - Managing Director, Lucan Engineering Pty Ltd

As part of this “problem solving” philosophy Lucan has developed its own range of proprietary equipment;

- Rock saws
- Paper converting machinery
- De nesting machinery
- Mixed depositor machinery
- Pool cover winches, reels and commercial pool products.
- Stump grinding machines.
- Kebab manufacturing machinery.
- Beach cleaning equipment.
- Grab and coring machinery
“Econo Core” – Wool Industry.
- Equipment Trailers.
